## APPEALING TO THE BOARD OF ADJUSTMENT

Before starting the appeal process, the Board of Adjustment strongly recommends the applicant become familiar with the Greenland Zoning Ordinance as well as the NH Statutes Title LXIV, RSA Chapters 672 through 678, covering planning and zoning. The Zoning Ordinance can be found online at [www.greenland-nh.com](http://www.greenland-nh.com); select Applications/Forms or Building Inspector. NOTE: NH RSA's override Town ordinances.

*Before you can begin the appeal process, you must first have some form of determination that the proposed use is not permitted. Denials may be issued by the Building Inspector, Planning Board or any other elected Board. A copy of the determination must be attached to your application. **Four (4) types of appeals** can be made to the Board of Adjustment.*

- **ALL** materials required for a complete application must be submitted by noon on the deadline date.
- Application deadlines and meeting dates can be found on the Town's website: [www.greenland-nh.com](http://www.greenland-nh.com), and will be strictly enforced.
  - Boards/Committees/Commissions (located on menu bar)
  - Zoning Board of Adjustment
  - Public Hearing Dates/Application Deadlines (green button on left side of page)
- All applications are reviewed on a first submittal basis and will be reviewed within the statutory time requirements.
- Meetings are held in the Town Hall Conference Room (11 Town Square) at 7:00 p.m. on the third Tuesday of the month.
- The schedule may change at the discretion of the Zoning Board of Adjustment.
- The Agenda and the order of the Agenda are subject to change at the discretion of the Zoning Board of Adjustment. In accordance with RSA 676:7, if the Board of Adjustment finds that it cannot conclude the public hearing within the time available, it may vote to continue the hearing to a specified time and place with no additional notice required.

## I. VARIANCE

A **variance** is an authorization which may be granted under special circumstances to use your property in a way that is not permitted under the strict terms of the Zoning Ordinance. For a variance to be legally granted, you must show that your proposed use meets **all five (5)** of the following conditions.

1. Granting the variance must not be contrary to the **public interest**.
2. The proposed use is not contrary to the **spirit of the ordinance**.
3. Granting the variance would do **substantial justice**.
4. The proposed use would not diminish surrounding **property values**.
5. Denial of the variance would result in **unnecessary hardship** to the owner. Hardship, as the term applies to zoning, results if a restriction, when applied to a particular property, becomes arbitrary, confiscatory, or unduly oppressive because of the conditions of the property that distinguish it from other properties under similar zoning restrictions. RSA 674:33 (b) (5) provides the criteria for establishing unnecessary hardship:
  - A. For purposes of this subparagraph, “unnecessary hardship” means that owing to special conditions of the property that distinguish it from other properties in the area:
    - i. No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property; and
    - ii. The proposed use is a reasonable one.
  - B. If the criteria in subparagraph “A” are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is, therefore, necessary to enable a reasonable use of it.

## II. SPECIAL EXCEPTION

Certain sections of the zoning ordinance provide that a particular use of property in a specific zone will be permitted by **special exception** if specified conditions are met. The necessary conditions for each special exception are given in the ordinance. Your appeal for a special exception will be granted if you can show that the conditions stated in the ordinance are met.

## III. APPEAL FROM AN ADMINISTRATIVE DECISION

If you have been denied a building permit or are affected by some other decision regarding the administration of the Greenland Zoning Ordinance, and you believe that the decision was made in error under the provisions of the ordinance, you may appeal the decision to the Board of Adjustment. The appeal will be granted if the applicant can show the decision was made in error.

*If you are **appealing an administrative decision**, a copy of the decision appealed from must be attached to your application.*

#### IV. EQUITABLE WAIVER OF DIMENSIONAL REQUIREMENTS

The Board of Adjustment may grant an **equitable waiver** for existing dimensional non-conformities, provided the applicant can meet the required standards.

The non-conformity was not:

1. Discovered until after the structure was substantially completed or after a vacant lot in violation had been transferred to a bona fide purchaser;
2. An outcome of ignorance of the law or bad faith, but was instead caused by a good faith error in measurement or calculation;

If these conditions are satisfied, the Board can move on to the additional findings to grant a waiver:

3. The non-conformity does not constitute a public or private nuisance nor diminish the value or interfere with future uses of other property in the area; and
4. The cost of correction would far outweigh any public benefit to be gained.

*In lieu of the requirements in numbers (1) and (2), the violation has existed for ten (10) years or more with no enforcement action, including written notice, commenced by the Town.*

## GENERAL INSTRUCTIONS

For any appeal, the application form must be properly completed. The application form is intended to be self-explanatory, but be sure that you show:

- **WHO** owns the property? If the applicant is not the owner, this must be explained.
  - **WHERE** is the property located?
  - **DESCRIBE** the property. Give area, frontage, side and rear lines, slopes and natural features, etc.
  - **WHAT** do you propose to do? Include the required materials (see Required Materials and Checklist on page 3).
  - **WHY** does your proposed use require an appeal to the Board of Adjustment?
  - **WHY** should the appeal be granted?
1. Prepare a list of all abutting property owners and attach it to your application. If you have any difficulty, consult the Building Inspector's office, however, the accuracy of the list is the applicant's responsibility.
  2. Mail or deliver the completed application, with all required attachments, to the Administrative Assistant located in the Building Inspector's office. Applications are available on the website ([www.greenland-nh.com](http://www.greenland-nh.com); click on Boards/Committees/Commissions and select Zoning Board of Adjustment; click on the green button on the left: Application and Guidelines). Applications will be accepted until **noon on the deadline date**, which can be found on the Town's website ([www.greenland-nh.com](http://www.greenland-nh.com); click on Boards/Committees/Commissions and select Zoning Board of Adjustment; click on the green button on the left: Public Hearing Dates/Application Deadlines).
  3. A fee is charged to cover the cost of preparing and mailing the legally-required notices. A fee determination worksheet has been included with each application. Checks should be made payable to the **Town of Greenland** and submitted with your application.
  4. A public hearing will be scheduled within **thirty (30) days** of receipt of your properly completed application.
  5. At least five (5) days before the public hearing: notice of the hearing date will be posted, printed in the newspaper, and mailed to you, all abutters and other parties whom the Board may deem to have an interest. You and all other parties may attend in person, or by agent or counsel, to state reasons why the appeal should be granted.
  6. Following the public hearing, the Board will make a decision, and you will be sent a Notice of Decision.
  7. If you believe the Board's decision is wrong, you have the **right to appeal**. The Board of Selectmen, or any party affected, have similar rights to appeal the decision in your case.

8. To appeal, you must request a rehearing from the Board of Adjustment within **thirty (30) days** of their decision. A **Motion for Rehearing** must be submitted in writing to the Board and include the grounds on which it is claimed the decision is unlawful or unreasonable.
9. The Board may grant a rehearing if, in its opinion, good reason is stated in the Motion for Rehearing. The Board will not reopen a case based on the same set of facts unless it is convinced that an injustice would be created by not doing so.
10. You must have requested a rehearing before you can appeal to the courts, whether or not it has been granted.
11. If a rehearing is held, the same procedure is followed as for the initial hearing, including public notice and notice to abutters.
12. See **RSA 677** for additional information on rehearing and appeal procedures.
